Subject: Re: Control on Dimock

Nan,

Here's the last letter EPA received from Sestak. We contributed to the response but it came from Pete Silva and I don't have the final document. How hard would it be to get a PDF of that final response from HQ? Would be good to have PDFs of all final responses to elected officials in our Region in our controls file on the RETF Quickplace.

Subject: Control on Dimock

Angela and Nan, we just got a controlled correspondence from Cong. Sestak, whose constituent thinks there should be a Federal investigation of well contamination in Dimock and Lenox Township, and that EPA should require tracers in fracking fluids. Do you know whether we have established procedures or persons for responding to controls on HF? Or for routing? Thanks.--Vicky
